## Bio-Parts Washer Fluid

Premium Parts Washer Fluid

Bio-Parts Washer Fluid contain strains of microorganisms selected for their synergistic qualities to biodegrade hydrocarbons. Bio-Parts Washer Fluid microorganisms are selected for their performance under aerobic and anaerobic conditions.

Formulated in Bio-Parts Washer Fluid are surfactants to allow penetration into grease deposits and speed up the biological process in Bio-washer parts washers.

To assure optimal performance of these organisms under the toughest conditions, they are produced and blended together with high potency nutrients, stimulants and surfactants.

Advance Bio-Parts Washer Fluid contain organisms that will degrade a wide range of hydrocarbons including: gasoline, diesel, crude oil, benzene, toluene, ethyl benzene and xylene.

### Parts Washer Fluid

Bio-Parts Washer Fluid is formulated for optimum cleaning of hard surfaces contaminated with petroleum products in parts washers. Advance Bio-Parts Washer is a serious industrial cleaner that is aqueous based and are intended for use in biological parts washers of all sizes.

Advance Bio-Parts Washer Fluid has a mild pleasant odor, and is a pH neutral mixture of emulsifiers and surfactants containing no volatile organic compounds (VOCs). It can be diluted 2:1 to make a top notch cleaner for machines, general automotive, and tool rebuilding applications. Use full strength for applications where heavy greases are a factor.

### **Specifications:**

Form:	Free-flowing Liquid
Color:	Pale Green
Fragrance:	Lemon
Specific Gravity:	1.0
Nutrient Content:	Biological nutrients, surfactants & stimulants

### **Packaging:**

Packaged to suit customer needs and for ease in use. Quart, Gallon, 5 gallon, 30 gallon or 55 gallon drum.

### **Storage:**

DO NOT FREEZE! Store in a cool dry location. Do not inhale mists, avoid excessive skin contact. SEE M.S.D.S.

### **Application Instructions:**

Advance Bio-Parts Washer Fluid is premium concentrate to be diluted 10:1 before use.

### **Benefits of Bio-Parts Washer Fluid:**

- Deep Cleans Surfaces
- Enhances Natural Processes
- Eliminates Unsightly Areas
- Reduces Pollution Liability
- Lowers Disposal Costs
