“Advanced Microbiology for a Clean, Safe Environment”

“BIO-WASH” *Friendly bacteria laden liquid for greasy floors and surfaces*

PRODUCT BULLETIN

“Bio-Wash” is a liquid bacterial laden product use in degrading organic waste. This unique liquid will safely and naturally remove greases and oils from kitchen floors and other organics from bathroom floors walls and fixtures. The bacteria are present in high numbers to handle all your difficult organic problems. This product is to be mopped or sprayed onto the surface to be cleaned. Allow the Bio-Wash to stand for 15 to 30 minutes, and mop or towel dry. Not only is your surface clean and skid proof but it has “built-in protection” in the form of dormant bacteria. The dormant bacteria will reactivate as greases and oils fall onto the surface and eliminate them. You get two cleanings in one!

ADVANTAGES

- * Contains powerful bacterial action
- * Reduces hydrogen sulfide & sludge buildup
 - * Easy to use
- * Significantly reduces slippage
- * Cost effective \ Environment Friendly
 - * Safe for pipes and plumbing
 - * Excellent all purpose cleaner

PACKAGING

“Bio-Wash” is packed 4 x 1 gallon jugs per case and in 5 gallon pails. Bio-Wash is also available for private label without a large commitment to inventory.
