

1. Product Identification

Form: Off white liquid
 Odor: Sweet

2. Hazardous Ingredients

Chemical Name: Odor Control #10123WS

3. Physical / Chemical Data

Water Solubility: Moderate - disperses in water

4. Fire and Explosion Data

pH: 6.5 to 7.5 when mixed with water
 Flash Point: N/A
 Special Fire Fighting Procedures: None
 Extinguishing Media: Water

5. Reactivity Data

Stability: Stable
 Conditions to Avoid: Accumulation of product in confined area
 Hazardous Byproducts: None
 Hazardous Polymerization: Will not occur
 Incompatibility: Normally unreactive; however, avoid strong bases at high temperatures, strong acids, strong oxidizing agents and materials reactive with hydroxyl compounds.

6. Health Hazard Data

Eye Contact: Excess redness and swelling of the conjunctiva may occur. Causes moderate to severe irritation, experienced as discomfort or pain, excess blinking and tear production, with marked excess redness and swelling. Corneal injury may occur.

First Aid: Immediately flush with water for at least 15 minutes. DO NOT remove contact lenses, if worn. Obtain medical attention without delay, preferably from an ophthalmologist.

Recommended Precautions: Safety goggles. Avoid creating mist or an enclosed environment.

Skin Contact: Exposure can cause irritation if a person has a history of dermal allergic reaction.

First Aid: Wash with soap and water.

Recommended Precautions: Limit exposure. Use rubber gloves. Do not handle product directly.

Ingestion: Considered non-toxic but can lead to nausea or diarrhea.

First Aid: Give two glasses of water to dilute product, do not induce vomiting. Contact physician immediately.

Recommended Precautions: Store in safe place. Wear protective mask.

Inhalation: Causes Irritation.

First Aid: Calm the individual, allow plenty of fresh air, and loosen clothing around neck. Contact physician.

Recommended Precautions: Use approved respiratory mask. Avoid creating mist where possible. Use in properly ventilated area.

General Precautions: Treat as you would any chemical or biological material. Always wash hands thoroughly after use.

Effects of Repeated Overexposure: Repeated skin contact may cause dermatitis.

SIGNIFICANT LABORATORY DATA WITH POSSIBLE RELEVANCE TO HUMAN HEALTH HAZARD EVALUATION: Studies involving the sustained occluded contact of undiluted similar material with rabbit skin indicate that such conditions may result in the development of inflammatory changes in the lungs.

7. Storage and Handling

Recommended Storage: Store in cool, dry conditions. Storage temperature should be between 41 degrees F and 104 degrees F (5 C and 40 C).

Precautions on Handling: No danger from handling packaged material. Ensure packaged containers remain sealed.

Steps to be taken if material is spilled or released:

Wear eye and skin protection. Floor may be slippery; use care to avoid falling. Contain spills immediately with inert materials (eg. sand, earth). Avoid discharge to natural waters. Transfer liquids and solid diking material to suitable containers for recovery or disposal. To avoid gelling and foaming problems, do not use water to flush away spills.
