METAL GUARD SP

Product Data Sheet

Product Description:

- Removes encrusted concrete and cement and cement dust from tools, forms, molds, masonry equipment, concrete trucks, slides, and chutes, while protecting metal parts.

Product Data:

Physical state: liquid

Liquid density: 1.10 g/ml (approx)

pH: 3% solution: 0.2 @ 20°C

Vapour pressure: 25 mmHg @ 20°C

Boiling point: 80-82°C

Freezing point: no data

Solubility in water: 100%

Evaporation rate: no data

Odour and appearance: Product is a dark amber, clear liquid solution. The product will foam with agitation. There is an obvious acidic odour above the open liquid.

Directions:

• To Remove Concrete:

For fast results, use as is. Rinse surface with plenty of water.

• Spray Applications:

To spray on the surface or apply directly from a plastic container. Let the solution work for a few minutes, then hose off with cold water.

- Unpainted Surfaces must be rinsed thoroughly with clean water.
