# ADVANCE POWDERED PRE-SOAK

## NC

### Product Data Sheet

#### **Product Description:**

This product is a powdered detergent especially designed for pre soaking of silver and stainless steel utensils. It quickly penetrates and loosens food and soil.

#### **Product Data:**

pH: 11.5 + - 0.02

Specific Gravity: 1.06 + - 0.02

Colour: Blue

State: Free flowing powder

Scent: No characteristic odour

Flash Point: N/A

Stability: Highly Stable (>1 year)

Storage: Store in a cool dry place

#### **Directions:**

In a plastic pan dissolve 10-15 grams of product per litre of water. Water temperature should be approximately 50-60 deg. C. Place stainless ware and or silver ware in solution for 10-20 minutes. Remove, rinse and then wash in dish machine in normal manner.
